

Ethan Ly

Data Analyst | Software Engineer | CS Graduate

Melbourne, VIC | (+61) 406 028 151 | ethanly.dev@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

EDUCATION

Swinburne University of Technology, Hawthorn

2023-2025

Bachelor of Computer Science (Data Science)

- **Key Units:** Data Science Principles, Business Intelligence and Data Visualisation, Computing Technology Project A & B, Industry Project.

PROJECTS

Melbourne Rental Intelligence

MAY 2026

[Live Demo](#) | [GitHub Repo](#) | [LinkedIn Post](#)

Built end-to-end data analytics pipeline: ETL (Python/Pandas) → PostgreSQL → FastAPI → interactive visualisation.

- Extracted and cleaned Victorian Government rental data; transformed raw CSVs into queryable format.
- Built interactive map view, dynamic charts, suburb search/filtering.
- Identified that South Eastern Melbourne is 45% cheaper than Inner Melbourne for 3-bedroom houses, saving renters \$23,676/year.

Algorithmic Trading Tool

MAR 2025 - NOV 2025

[Case Study](#)

End-to-end delivery of a trading tool using Python and MongoDB. Assigned as Team Lead. Optimised database queries for real-time retrieval. Used Flask, Pandas, NumPy.

Website for Katrina Wurm

JUN 2025 - AUG 2025

[Live Site](#) | [Case Study](#)

Custom website for internationally recognised life coach and best-selling author Katrina Wurm. Built responsive UI/UX that increased engagement for a global brand.
